

Trần Thành Danh

Junior PHP Developer

✉ [Redacted] ☎ [Redacted] 📍 Đồng Khởi, Diên Khánh, Khánh Hòa

PROFESSIONAL SUMMARY

I am a Junior PHP Developer with 2 years of experience in website development using PHP/Laravel. I possess the necessary skills to create websites at a moderate level with the Laravel framework. Additionally, I have a strong proficiency in HTML/CSS/JQuery and the capability to deploy user interface components effectively. During remote work, I have honed my teamwork skills and project development/management abilities, adhering to established standards to achieve optimal results.
