Sysmex CWS	*Sep 2022 – Dec 2022*

Position	Senior Test
Environment	Windows Microsoft Edge / Google Chrome (latest version)/Mozilla Firefox (latest version)/Safari
Project Description	Sysmex conducts integrated R&D, manufacturing and sales and provides support services for the instruments, reagents and software for in-vitro testing of blood, urine and cells. Sysmex CWS provides a web based hematology information management application which: ▪ Receives orders from LIS ▪ Gets the results from appropriate analyzers ▪ Performs complex rules to qualify the results before they are sent to the LIS via E-IC. ▪ The aim of this project is to re-platform the existing WXI system on MPL

Uniface, Red Hat Linux, and Oracle DB platform to an open, modular, cloud-ready platform to improve high availability and scalability of a flagship WXi product (hereinafter referred to as "WXi") while enabling the capabilities of modernization in the long term.

Responsibilities:

+ Create Test Schdule
+ Manage resource team
+ Tracking tasks is in progress
+ Improve process testing
+ Create Test Report
+ Execute manual test

Customer	**Sysmex, Japan**
Team Size	**45**

Aladdin Bank Portal   *Nov 2021 – May 2022*

Position	Test Leader
Environment	Windows Microsoft Edge / Google Chrome (latest version)/Mozilla Firefox (latest version)/Safari PostgreSQL
Project Description	This is a one-stop platform that creates a wide connection between Customers and Financial institutions. This mobile app aims to support customers to avail financial services from the app itself. The app connects to vendor services to verify the applicant's information and then submit the application to banks. Then, based on certain sets of criteria (i.e. Product Filter, Credit Preference, KYC Preferences, Employment Preferences.), the Financial Institution will assess and approve the qualified application.

Responsibilities:

+ Create Test Schdule
+ Manage resource team
+ Tracking tasks is in progress
+ Improve process testing
+ Create Test Report
+ Execute manual test
+ Manage auto test

Customer	Standard Chartered
Team Size	**33**
